Gentlemen:

The Missouri Court of Appeals recently decided *Estes v. MOPERM, et al.* (<https://www.courts.mo.gov/file.jsp?id=175213>), which makes clear that MOPERM is not subject to sovereign immunity from claims of bad faith failure to settle within policy limits and breach of fiduciary duty.

Ms. Sanders is willing to give your clients' insurer one final opportunity to settle within its policy limits for \$2,000,000.00. This demand is unlimited in time but will not remain open in perpetuity.

I look forward to your prompt response.

Sam, could you please clarify? MOPERM has not accepted the defense or coverage in this matter regarding Cory Hutcheson, so I cannot understand if this is a demand against the remaining defendants (MS County and Cory Hutcheson) combined for a total of \$2M, or if the demand is something different. You also reference "insurer," and as you know from discovery, there are separate insurers involved in this pertaining to MS County defendants and Cory Hutcheson.

Thanks,
Bob

I'm telling you that MOPERM has not accepted coverage (if they had, then I would provide you with the required document production pursuant to Rule 26). So is there any demand you're making to Cory Hutcheson?
